

THE SAFETY LOCK

The ABUS 76 Series has an 8-pin cylinder and is available with more than 200,000 true key differs, making it the first safety padlock to offer this.

The protected keyway eliminates cross-keying and reduces the risk of employee injury, company liability, and code violations. Available in a variety of colors and shackle options. These padlocks also meet OSHA standard lockout/tagout guidelines, and its protected keyway eliminates cross-keying, reducing risk for employees.

Technologies

- Body and shackle insulated
- Solid aluminum core: Lightweight and durable
- Precision 8-pin cylinder for the very high number of 150,000 guaranteed keyed different bittings
